Presentation Descriptions.

The Truth About Apples & Pineapples. For Students In Grade 1 To 3.

The purpose of this presentation is to teach children to stop judging one another by skin colour, dress, size, shape, race, culture, gender, etc. Instead teach and inspire each student to see one another from the in-side-out, by asking questions to understand their personalities, interest, abilities, and differences.

Be A Friend, Throw The Perfect Pass. 30 Minutes Zoom Presentation. For Students In Grade 4 To 5.

The primary focus behind delivering this presentation is to empower students to use the simple tools of smiling, asking questions, listening, and understanding, to break-down the differences and barriers which lead to social exclusion and abusive actions of bullying.

Why Do You Need Social Inclusion? 30 Minutes Zoom Presentation. For Students In Grade 6 To 7.

There is more to social inclusion, then seeing all people as valued and important. In this presentation, the student's will learn why "Social Inclusion" can assist them in raising their self-esteem and self-worth, build their inner strengths and abilities, and how to be accepted and seen as a contributor in school and throughout society.
