#### Looking Inside The Positive Rebel!

Length: 60 minutes - For students in Grades 6 to 12.

Michael will motivate and inspire your student's how a Positive Rebel's frame of mind can draw them closer to their dreams of being successful. But what exactly is a Positive Rebel, this is a person who doesn't tolerate their own negative thoughts, ideas of limitations, pre-conceived false conditioning and fears which are self-imposed. Through the process of being a Positive Rebel, students will be able to move beyond those prohibiting challenges, obstacles, barriers, and problems they'll face while pursuing goals and dreams.

*"We had the recent pleasure of having Michael present to our students. It can be difficult for inspirational speakers to engage the middle school student but after watching the reaction to Michael's presentation, I was astounded at the level of authentic connection he was able to foster.*

*David Standing, Principal, Laurie Middle School, Cranbook, B.C.*

#### It's A Question Of What And How!

Length: 50 Minutes - For Students From Grade 5 to 10

Regardless of age, we're all going to face adverse challenges throughout our lives. How we chose to confront and deal with each challenge, will depend directly on the kinds of questions we manifest from our thoughts. The key to successfully overcoming a challenge is learning and knowing how to ask ourselves positive and constructive questions using proactive words like "What" and "How". Instead of asking ourselves reactive questions using words such as "Why", "When", and "Who" which hold us captive by the challenge(s) we are encountering.

#### A Formula For Success!

Length: 60 minute presentation, intended for students from Grades 7 to 12.

**When you add up passion, talent, action, and association, you have a winning formula for success. Providing students with this knowledge will empower them to realize they can achieve their desires, goals, and dreams regardless of any immediate challenges or obstacles they may or are likely to face.**
